

Kathy King Workshops Registration Instructions

On behalf of NWBS we are pleased to announce registration procedures for the Kathy King workshops to be held at the **Crossroads Mall Community Room** on August 11, 12, and 13, 2017. For those of you not familiar with Kathy King, she uses a unique beading technique called bead quilling.

Registration requires two steps: (1) email me at nita_cherry@hotmail.com to let me know you would like to be entered into the class log and (2) mail a completed registration form and payment, along with a 2017 NWBS membership application and 2017 dues, if applicable. If you do not email me and only mail in your class registration, and the class is full by the time we receive your registration, you will be contacted and asked if you'd like to be put on a waitlist. If you email me, you will be immediately confirmed in the class log, as long as you mail your registration within a few days.

What's Different?

Notice the new location above! This new location is far less expensive and has access to delicious lunch options, so we thought we'd give it a try (oh, and Maplewood was already booked).

We're offering two 'mini-classes' at \$25 each on Sunday! These are earrings classes and you can expect to learn Kathy's quilling technique and complete one full earring in class.

Kits/Supplies Lists – Supplies lists are included in this document. Kit pricing is on the Registration Form. The supplies in general consist of mostly one color of SIZE 10 DELICAS (not something a lot of us already have in stash) and multiple colors of One-G or similar thread.

IF YOU ARE NOT A CURRENT MEMBER – If you are not a NWBS member and/or you haven't paid your 2017 dues, you **MUST** send a membership application/renewal form and 2017 dues of \$30 in **with your registration**. If you don't do so, we will not be able to include you in the class log until you complete membership registration. You can find both the renewal application and new member application here: <http://nwbeadsociety.org/2017MembershipFormNWBS.pdf>. Please note: the membership applications have a different address on them than the class registration form. You need to mail all the documents **together** to the address specified on the **class registration form**.

Please contact me at nita_cherry@hotmail.com with any questions!

Kathy King Classes

Supply Lists

Note about 'thread' – As you know Kathy will be teaching us designs using a technique called bead quilting. Thread is part of the design, and so you will want to choose thread colors to both complement and contrast your beads. Kathy uses Miyuki thread; One-G and K. O. will also work well. A third option to use for accents is C-lon AA, where there are more vibrant color choices.
